INFORMATION ABOUT OUR MORTGAGE SERVICES

Whose products do we offer?

We offer independent advice on first and second charge mortgages. We will make a personal recommendation that is suitable for you following an assessment of your personal needs and circumstances. This will include a detailed assessment of affordability. We will consider all products and lenders that we have access to. This means we will not consider those lenders that are only available by you going direct to them.

When you are increasing your borrowing we will consider the merits of both a new first charge mortgage and securing this by an additional mortgage on a second charge basis. We will only consider a second charge where we are able to deal directly with the lender on your behalf. It may be in your interests to explore the alternative of an unsecured loan, as this may be more suitable for you.

How much will you have to pay for our services?

We do not charge a fee for advice and arranging a mortgage. We will receive a commission from the Lender and the amount of commission we receive will vary depending on the type of Mortgage and the term of the Mortgage.

We will tell you how much commission we expect to receive before we transact business for you. You will receive a personalised illustration when considering a particular mortgage. This will highlight the key facts about the mortgage product including any fees relating to it. We can supply a full list of the commission payable from the lenders that we deal with.

Please note that although we will recommend the product that we believe to be the most suitable for you, we are unable to continuously monitor rate changes within the market and therefore advise you if a preferable product becomes available. Rate changes with lenders are very regular and can be launched at very short notice, so you should ensure that you communicate with your adviser at any point should you wish to check if a more suitable product is available. There maybe additional fees or timeframe implications to be considered.

We cannot be held liable for the outcome of a lender valuation and/or survey, or delays incurred by the product provider, when processing your application. However, we will work to ensure your application is processed as smoothly as possible.
